**T**ime really has a way of sneaking up on me, it seems like I just finished the April newsletter, and what do you know, it is already July!

Summer is here in full swing in the northwest, and I'm getting adjusted to my three boys coming in and out of the house followed by puddles from playing in the sprinkler and splashing on the slip and slide. Days seem to be centered around Popsicles, sunscreen, and the garden hose over at the Clingerman house, and although the chaos can get to me, I try to remind myself of the excitement of my own childhood, when an otter pop and a sprinkler seemed like heaven itself. I want the same sort of excitement for my own boys as they grow.

Over at MyLittleScraps, I am just thrilled with the awesome 10 new ladies on my creative team, and I'm really looking forward to introducing them all to you! In addition I have added more than 23 new products to the MyLittleScraps store, and I'm thrilled to show them all to you! I am certain you'll find the perfect product for your next summer page!

Happy Summer!

I'm so excited to introduce you to the newest additions to the My Little Scraps creative team!

I was completely blown away and inspired by the 70 plus applications I received during my creative team call last month - and although I wanted desperately to take every applicant, I had to narrow it down, and so when all was said and done, I chose these fabulous ten women to my creative team.

I couldn't be happier with the energy, enthusiasm and sheer creativity each of these incredible scrappers has brought to our team.

I know you will just love them as much as I do!

So please help me

whats *new*  
new products at my little scraps

**P**ile of scribbles and funk was actually inspired by a scribbly cd cover and a bag that my purchases from a favorite store came home in. I felt inspired to make a kit that was funky, messy, and fun with a few bold geometric elements thrown in.

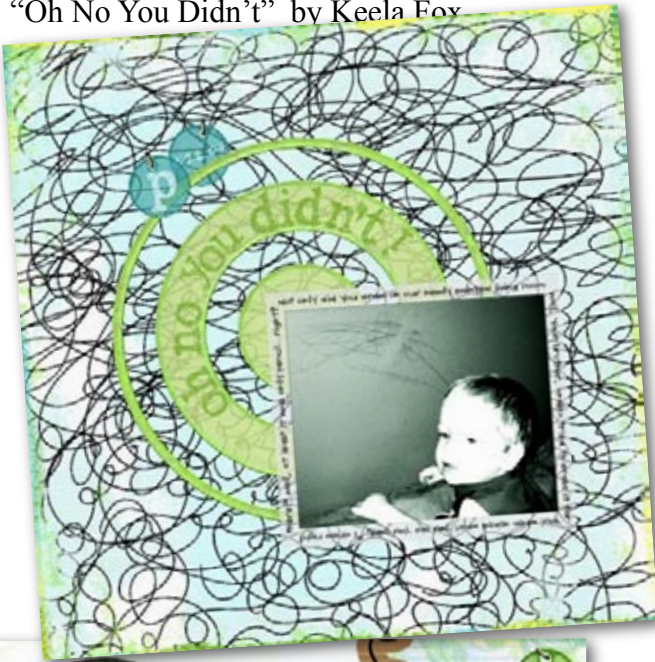

It is sure to be a perfect fit for tons of fun filled pages everywhere, because this kit is one hundred percent fun. Pile it up with those water photos, art photos, dizzying at play photos, and just about any thing else.

"Rain" by Bianka Van Wijk

grass stains was inspired by the picture of my youngest son that you see on the right. I wanted to capture a combination of a beautiful, whimsical moment, but also to put it into a kit that had down to earth colors. Sweet summery patterns, and enough grunge to make it feel real and messy just like kids actually are.

Add to that, fun and original elements, with grunged up notebook-paper flowers and swirls, a dirty popsicle stick frame, and some grass stained denim and grungey metal hardware. You are sure to find plenty of summer pictures that perfectly match this kit!

Customer 'Scraplight'

This page, Round and Round, from Nikki-ARNGwife, using "Piles of Scribbles and Funk" just knocked my socks off! With this wonderful sequence of pictures of her little guy running circles, she totally captures that dizzying feel! The addition of the circles and framing the journaling with little photo corners add the perfect touches!

Nikki says, "I was drawn to this kit as soon as I saw it in the New Releases at The Sweet Shoppe. The colors and elements are perfect for layouts of my little boy and the alpha is one that I will go back to over and over. It's just a fabulous kit!"

Summer is bare feet, sprinklers, lightening bugs, Kool-aid, popsicles, cook-outs, swimming, fireworks, watermelon, long days, and for Avery, the simple joy of a big backyard, freedom and the fun of running

**round & round**

Well Thank you Nikki for the complement, and for the gorgeous page! You really made this kit shine. Thanks so much for sharing your work with us!!!
